A gentle reminder that the £5 minimum for a Mass stipend was set in 1990, which in real terms in 2024 is now a **£15 minimum**. Thank you for your generosity in the upkeep of the clergy: the Mass stipend is like a “daily allowance” for the Priest, which is only supplemented by his monthly “wage” of £291 from the Parish.

Please also consider contributing to the **Holy Souls boxes**, especially if you cannot afford to give an individual Mass stipend. Two Masses are usually offered each month for these intentions.
